THE STATE PLATFORM

Some Strong Planks Adopted at the Waco Convention.

INDORSES SAYERS.

No Free Passes to Be Issued—Wants Compulsory Arbitration to Settle Disputes Between Employer and Employee.

Waco, Tex., Aug. 10.—The committee on platform and resolution received the following report from the subcommittee:

1. Recognizing that the American people are now confronted by issues, the decision of which will mark an era in the life of our republic, the Democracy of Texas, in convention assembled, desires to emphasize its indorsement of the platform of the party set forth by the Kansas City convention as being wise, patriotic and expedient, and as presenting a righteous solution of the great questions involved, and invites the cooperation of all classes of our citizenship in maintaining the fundamental principles of government as announced therein.

2. We congratulate our people upon the nomination by our party of a man for president whose splendid statesmanship knows no section and whose lofty patriotism has elevated American manhood, and we pledge to the Democracy of the nation 15 electoral votes for William Jennings Bryan and Adlai E. Stevenson.

3. We especially commend the manner of their selection as voicing the spontaneous will of a free people, uncontrolled by the whip of the party boss and uninfluenced by organized greed.

4. Believing that United States senators ought to be elected by a direct vote of the people, we instruct our delegation in congress to work for the submission of a constitutional amendment having this end in view.

5. Recognizing that Texas is the natural gateway for the commerce of the transmississippi states, we commend our senators and members of congress for their earnest efforts toward obtaining Federal aid in deepening our harbors and improving our waterways, and we urge them to use all honorable means to further these enterprises.

6. In the confident expectation that the ownership, construction and control of the Nicaraguan canal by the United States government would be of great substantial and permanent benefit, not only to the entire country, but to Texas especially, our senators and representatives in congress are requested to give their earnest and active support to such legislation as will accomplish the purpose.

7. We indorse and commend the administration of Governor Sayers as being wise, patriotic and economical, and we especially approve of the enlargement and maintenance of the state eleemosynary institutions, putting them in the highest degree of efficiency and enabling them properly and promptly meet every demand; the successful management of the penal establishments; the reduction of taxation to the lowest rate of any state in the union save one; the energetic enforcement of the criminal laws, giving protection to life and property without regard to race or conditions; the making of needed reforms in the method of purchasing supplies for the state institutions; the inhibition upon counties, cities and towns to issue bonds without authority from a direct vote of the people, and the requirement upon the treasurers of counties, cities and towns to make annual reports of all bonded indebtedness and of the disposition of the sinking funds which shows the honest effort to equalize taxation; enactment of a law making rebating and discriminating by railroads a felony, thereby stopping the pernicious practice for the first time in the history of any American commonwealth; the quieting of land titles and providing for the issuance of patents to homestead locations and preemptions; the settlement of the deficiency due the permanent school fund, and the large increase in the available fund through the recoveries of moneys due for past illegal occupancy of the school lands, and also through the lease of additional lands; the present cash balance in the treasury for general revenue purposes of \$1,215,000, notwithstanding the heavy and much needed appropriations by the Twenty-sixth legislature for the betterment of the eleemosynary institutions and of the Agricultural and Mechanical college, and for the construction of an epileptic asylum, and for the payment of ex-Confederate pensions; the enactment and enforcement of an antitrust law, the building of cotton factories, resulting in the incorporation within the present year of ten companies, having a total capital stock of \$950,000 of authorized stock, which means an uplifting of the price of this commodity and the general improvement of the condition of the agricultural and laboring population; the encouragement given to every form of industrial enterprise evidenced by the inauguration of enterprises of many kinds, the construction of 146 miles of railroad during the first half of the present year and the general development of our commercial institutions.

8. Recognizing the existence of gross inequalities in our present tax system, we favor such legislation as will equalize taxation without increasing its burden and also secure the complete rendition for taxation of all property of whatsoever description except such as may be exempted by the constitution, and the prompt and certain payment of all taxes imposed thereon—to the end that every individual and every interest may be compelled to contribute in just proportion to the support of the government.

9. The educational system of our state conceived by the fathers of the republic and fostered by Democratic statesmen, has become the just pride of our people, and we pledge our continued efforts to strengthen and maintain it in all its branches and to keep it clear from partisan politics. To this end we favor the submission by the legislature of a constitutional amendment looking to the election of school trustees and appointment of the members of the governing boards of the higher institutions of learning for a term of six years, as contemplated by law and practiced by each administration until declared unconstitutional by a recent decision of the supreme court. Feeling a just pride in the increased usefulness of the University of Texas, the agricultural and mechanical college and its branch, the Prairie View Normal, and other educational institutions, we favor such liberal appropriations by the legislature for their support and maintenance as will secure their greater efficiency and advancement.

10. Believing that the free pass system is hurtful to the best interests of the masses, we demand that the Democratic members of next legislature enact a law prohibiting railways for giving free transportation except to sheriffs, constables, marshals and their deputies or persons in the employ of a railroad and their immediate families. We further demand a reduction in passenger fares corresponding to any increase in passenger earnings by reason of the discontinuance of the free pass system.

11. We pledge to the people an honest, economical and efficient administration of the public service in all of its branches.

12. We favor the enactment of a law prohibiting the operation of double-header trains; that is two or more locomotive engines on one train, over any line of railway in this state except on divisions where heavy grades necessitate the use of two or more locomotives to handle a reasonable number of cars.

13. We demand that the next legislature pass a law whereby the hiring of any person to work or electioneer in the interest of any candidate seeking a nomination at any primary election held by authority of any political party shall be absolutely prohibited; and that such law require that each candidate at a primary election file with some proper officer, within a given time after such primary, an itemized statement on oath showing a complete account of all his expenses connected with his candidacy, and that a violation of such law be punished by such penalty as will secure the enforcement thereof.

14. We renew our indorsement of the principles of reform in official fees, but recommended such change in the present law as will correct any inequalities of compensation for services that experience may demonstrate to be necessary, a reasonable maximum to be fixed where not now provided.

15. We favor the establishment by the state an industrial school for girls.

16. We demand a law limiting the hours of daily service of laborers, workmen and mechanics employed upon public works or work done for the state of Texas to eight hours a day.

17. We favor a law creating a state board of arbitration or conciliation, vested with power to settle differences between corporations and their employees.

18. We recommend the enactment of a law defining civil libel that will be fair and free both to the public and the press.

IT IS ALL OVER.

The Convention Renominates the Old Officers, Except Judge Storey.

Waco, Tex., Aug. 10.—What in all probability will be the last day of the convention began formally at 10 o'clock this morning. After the call to order Miss Rainey of Waco sang "My Old Kentucky Home" and "Annie Laurie" in such a sweet way as to force a vote of thanks by the convention. The delegates were orderly during the singing but broke into rioting as soon as the young lady was seated.

Congressman S. W. T. Lanham of Weatherford was then recognized to make a nomination for governor. In eloquent phrase and captivating manner he placed the name of Joseph D. Sayers before the convention. R. H. Parker of Williamson county seconding the nomination. Governor Sayers was renominated by acclamation amid cheers. He was brought before the convention and accepted in a characteristic speech of thanks.

T. U. Jones of Tyler, moved that all other candidates before the convention who had no opposition be renominated by acclamation and at once. The motion carried by an overwhelming majority and the following gentlemen were put on the ticket without dissent:

If additional evidence were want-
ing that W. J. Bryan is in truth a
born leader, logician, statesman and
patriot, his speech of acceptance is
proof enough. He deals largely
with the paramount issue of impe-
rialism, and his arguments are
clear, masterful and convincing.
Those who have confounded ex-
pansion as advocated by Jeffers-

searchlight of truth turned on the
subject.

WACO CONVENTION.

State and Judicial Officials Re- nominated.

The democratic state conven-
tion at Waco has adjourned, all
the present state and judicial offi-
cials who were candidates for re-
election having been renominated.
Congressman Lanham nominated
Governor Sayers, who responded
with a speech of acceptance, after
which all the other candidates ex-
cept those for railroad commis-
sioner were nominated in a bunch
and made short speeches of accep-
tance. Judge J. L. Storey and E.
P. Curtis were both nominated for
railroad commissioner and judge
Storey won on the first ballot.

The first news of the renoma-
ination of Judge Storey was received
here in the form of a telegram from
Dr. Geo. R. Tabor to his father,
Major J. W. Tabor, who kindly
handed the telegram to an Eagle
reporter.

The quickest way to kill a
town is to promote internal differ-
ences and dissensions. No town
split up into opposing factions ever
yet succeeded to anything more
than the dignity of a village. It
takes not only money, but vim
and energy, harmony and unity of
action, to make live towns and
thriving cities. No town that en-
gages in dissensions can hold its
place. The peaceable people will
move to more congenial localities
and those who remain to fight will
have little else to do.—Wichita
Herald.

The press dispatches state that
the republican managers are be-
coming alarmed. With the democ-
rats pressing them on every hand,
they also have to contend with a
lukewarmness among members of
their own party who didn't get the
offices. This will not count for
much as republicans generally vote
together. The danger to the re-
publicans lies in the fact that the
democrats who have strayed off,
and the independent voters are go-
ing to cast their lot with Bryan
this year and aid the democratic
cohorts in his election.

STORMY CONVENTION.

Democrats Have a Lively Time Over
the Planks in the Platform.

HOGG AND BAILEY.

These Two Have a Hot Time Fighting
Each Other—Convention Refuses
to Censure Waters-Pierce
Oil Company.

Waco, Tex., Aug. 10.—It was 15 min-
utes after the appointed hour when
Chairman Prince rapped for order last
night. Never before, it is said, has there
been a larger or more brilliant gathering
in the Geyser City. Every delegate was
in his place. The galleries were jammed.
The boxes, some 25 in all, were occupied
by ladies. Upon the stage sat the men
who have fought the battles of the party
from the days of its infancy to this good
hour, when it boasts of its strength and
is proud of its power. Near the press
table was Hon. John H. Reagan, whom
age has not made feeble and who, to
judge from the demonstrations of the
delegates, has lost none of his oldtime
popularity. Then there were Hogg and
Bailey and Smith and scores of lesser
lights.

The report of the committee on per-
manent organization and order of busi-
ness, as adopted, is as follows:

Hon. Marshall Hicks, temporary chair-
man Democratic state convention: Your
committee on permanent organization
and order of business begs leave to
recommend for permanent chairman of
the convention Hon. Robert E. Prince
of Navarro county; for permanent secre-
tary, Mark Logan of Hamilton county.

Assistant secretary—Homer D. Wade
of McLennan county.

Sergeant-at-arms—Tom Bell of Hill.
Assistant sergeant-at-arms — Dick
Ware of Mitchell county.

Hon. Cecil Smith, chairman of the
committee on platform and resolutions,
was introduced to the gathering. He
was cheered, and when the cheering sub-
sided he began to read the majority
report of that body, but he had to make
way for Secretary Logan, and that gen-
tleman's stentorian tones rose high and
clear above all else.

The clause calling for compulsory ar-
bitration of differences between corpora-
tions and their employees was received
with cheers, and he had to read it three
times.

Then Chairman Smith presented the
two resolutions which had been unani-
mously adopted by the convention.

The one calling for the establishment
of a state board of health was first con-
sidered. Dr. J. H. Massey of Harris
county said he hoped it would be voted
down. He was greeted with cheers and
howls. The band had to be called upon
to drown the uproar. It was a hard
job, but it finally triumphed. Then Dr.
Massey resumed his argument. He
moved to table the resolution. This was
lost.

Hon. V. W. Grubbs of Greenville took
the floor and again was the band neces-
sary to quell the roars of disapproval.
The gentleman from North Texas re-
ported spiritedly to those about him and
for a time he, the band and the conven-
tion had a hot old time.

C. H. Willingham of Rannels made a
few remarks in opposition that were
decidedly warm. There was more boisterous-
ness, but they could not howl him
down. He stood on the platform and
with a statuesque indifference puffed
away at a cigar. In half a minute he
was presented with more than a box full
of cigars. He finally got a chance to say
that he was opposed to the resolution.
The resolution was then adopted.

The most turbulent scenes of the con-
vention were presented when the next
resolution came up for consideration.
The delegates hooted and yelled at every
one who gained the floor, in spite of the
chair and the band. The resolution from
the committee prohibiting the use of
money in primary elections was adopted.

Then the Hogg amendment matter
came up. This, Chairman Smith said,
was the only minority report he had,
the others having been withdrawn. It
was offered in lieu of the free pass
plank of the majority report. Among
the others was a plank condemning the
action of state officials in the Waters-
Pierce oil matter which had been
offered by Judge John M. Duncan of
Tyler. In the executive session upon
that occasion it precipitated a hot de-
bate.

A yell of protest went up when it was
proposed to devote an hour and a quar-
ter to each side of the discussion of Mr
Hogg's proposed amendment.

Packery for Oklahoma City.

Oklahoma City, O. T., Aug. 10.—F.
Hoefler of St. Joseph, Mo., made a writ-
ten proposal to the directors of the Com-
mercial Club, looking to the establish-
ment of a packinghouse here that will
cost \$250,000. The proposition will be
accepted and the site asked will be fur-
nished. The work of construction will
begin at once and the plant will be
finished so as to be used this fall. About
30 men will be employed.

J. M. Head Resigns.

Chicago, Aug. 10.—J. M. Head, mayor
of Nashville, Tenn., has resigned as a
member of the national Democratic exe-
cutive committee, and Hon. Norman E.
Mack of Buffalo has been selected by
National Chairman Jones to fill the vacan-
cy.

A LONG MESSAGE.

Minister Conger Sends a Lengthy Mes-
sage to the State Department.

Washington, Aug. 10.—The Chinese
minister this morning received a
lengthy cipher dispatch containing over
100 words from Minister Conger at
Pekin, addressed to the state depart-
ment. It is in the American code
throughout, so the contents are not
known. Mr. Wu promptly delivered
the message to the state department.
The cablegram was deciphered at the
state department after considerable
time owing to the length. The text has
not yet been given out, but has been for-
warded to the president at Canton. It
is substantially a duplication of the mes-
sage from M. Pichon, the French envoy
at Pekin, which was published this
morning and indicates that 8 foreign
ministers at the Chinese capital had
agreed to send a duplicate message to
their several governments.

The only new feature in Minister
Conger's message is a list of American
casualties. He reports 7 killed and 16
wounded. Captain Myers and Surgeon
Lippitt, who were among the wounded,
are doing well. No action will be taken
on the Conger message until President
McKinley has been heard from. It is
said at the state department under the
present conditions Minister Conger and
the other Americans in Pekin will not
be advised to leave the Chinese capital
with a Chinese escort, as all the minis-
ters seem to agree that such a departure
will be very dangerous.

EDICT FROM PEKIN.

Li Hung Chang Is Authorized to Nego-
tiate for Peace With the Powers.

London, Aug. 10.—An edict emanating
from Pekin and authorizing Li Hung
Chang to negotiate for peace, has, it is
reported from Shanghai, under Thurs-
day's date, been received there.

Correspondents at Yokohama again
send a statement that a Russo-Japan-
ese force as moving on Pekin from the
north. The movements and numbers
of this force are, it is further asserted,
kept secret in order to prevent the facts
from reaching Pekin.

The French consul at Shanghai says
3000 Annamite troops will arrive there
next week for the protection of the
settlement. The Chinese merchants at
Shanghai have petitioned the foreign
consuls there to prevent the landing of
troops, declaring it will create a panic
among the Chinese.

Li Ping Heng, former governor of
Shan Tung, personally commanded
15,000 Chinese at Shan Tsun.

Dispatches received here from Berlin
say Emperor Francis Josef and King
Victor Emmanuel III have telegraphed
Field Marshal Count von Waldersee,
congratulating him on the appointment
to chief command of the allied troops
in China. Field Marshal von Waldersee,
it is announced here, will sail Aug.
21 or 22 from an Italian port and will go
to Shanghai first.

THE GOEBEL MURDER.

Mrs. John Davis and Solomon Wilder on
the Stand for the Defense.

Georgetown, Ky., Aug. 10.—Mrs. John
Davis, wife of one of the defendants
charged with being accessory to the
Goebel assassination, was the first wit-
ness introduced by the defense in the
Powers trial. The commonwealth's at-
torney Franklin, interposed formal ob-
jection to the eligibility of the witness,
but the court ruled she was a competent
witness. She said Powers boarded at
her house. John Powers was also there
Jan. 25. She testified that the latter
was ill in his room at her house on that
day and did not leave the room after 11
o'clock on that day. This was in con-
tradiction of the testimony of Robert
Noakes who told of an alleged conversa-
tion with John Powers at the statehouse
in which he said the latter told him to
stay close to the building as something
was going to happen as soon as Goebel
and those fellows came down.

Solomon Wilder of Whitley county
testified that Robert Noakes was at Cor-
bin in March and asked him not to tell
anybody he was in town, as he might be
arrested in connection with the assassi-
nation conspiracy. Noakes further said
he believed Caleb Powers was innocent.
He said the members of the Noakes mil-
itary company at Corbin, instead of be-
ing desperadoes as Noakes had alleged,
were mostly good men.

Walter Day, former Republican state
treasurer, testified that Yontsey sent for
him the day before the shooting. He
went to see Yontsey and the latter told
him that for \$3000 he would settle the
contest. Witness pressed Yontsey to
know how he would accomplish it, but
the latter would only say for that
amount he would accomplish it. Wit-
ness said to Yontsey: "I am not that
kind of a man," and refused to confer
further with Yontsey about it.

NEW CHWANG TAKEN.

The Russians Capture the Town and then
Disarm the Inhabitants.

"Khabrovsk, Aug. 9.—General Ren-
nenkampf on Aug. 7 overtook and de-
feated the enemy beyond the Amu
river, capturing two guns. The battle
continued as far as Jgest. During the
evening of Aug. 7, the Chinese assumed
the offensive on both our flanks. They
were driven back with great loss. Ren-
nenkampf has been reinforced with in-
fantry, artillery and cavalry. Railroad
north of Tashi Tsao is in the hands of
the Chinese, who destroyed the station
at Hai Cheng Aug. 6, and damaged the
line. Hai Cheng was recaptured after
an obstinate fight. Mountain floods in-
terfere with the reconstruction of the
line."

FOR ORGANIZATION.

Address to Democrats for a Thorough Organization of Clubs.

Chicago, Aug. 10.—Wm. J. Bryan and party have arrived in this city. They were driven to the Auditorium, where Mr. Bryan will remain several days for the purpose of consulting with Chairman Jones and members of the national committee regarding the conduct of the campaign. When Mr. Bryan leaves here he will go to his home in Lincoln where he will remain during the balance of the month. Mr. Stevenson will proceed to Lake Minnetonka with his family, where he will remain for some weeks.

The following address was given out: To the Democrats of the United States:—The Democratic party and its friends must meet the forces of corruption and intimidation in politics this year by a thorough organization. A Democratic club or society should be organized in every city, town, village and precinct in the United States. Democrats and all who are in sympathy with the principles set forth in the Kansas City platform are earnestly urged to join Democratic clubs or when none exists to assist in organizing one. This work of uniting the forces of law and liberty into one great systemized civic army should be carried on simultaneously in every part of the country and without delay. The friends of the government, according to the hitherto unchallenged American theory of political equality everywhere under the flag, cannot afford to be less zealous or less active than the advocates of an American colonial empire supported by rifles. No patriotic citizen can ignore the attacks which are being made upon the very foundations of our present irreproachable form of government. This year every citizen should be a politician. Clubs and societies should at once communicate with "the secretary of the national association of Democratic clubs, 1370 Broadway, New York City," so that united membership may work systematically in defense of the republic as the fathers made it. All Democratic committees, state and local, are required to aid the national association of Democratic clubs in this work."

The Neely Case.

New York, Aug. 10.—General Henry L. Burnett United States district attorney, returned here from Washington. He had a conference with secretary Root and Attorney General Griggs as to the future course of the government in the Neely case. General Burnett said the suggestion in Judge LaComb's opinion would be followed and the criminal charge of bringing stolen funds into the United States, the examination of which is pending before United States Commissioner Shields would be discontinued. In a civil suit for the wrongful conversion the order of arrest against Neely would be vacated, but the suit itself would be pushed for the recovery of the money.

Farmers' National Congress.

Chicago, Aug. 10.—John M. Stahl, secretary of the Farmers' National congress, said the attendance at the national meeting to be held at Colorado Springs Aug. 20-24, will be the largest in the history of the congress. Delegates from the northeast and middle states asked for special cars to take them to Colorado Springs. Among the subjects to be discussed are: "Relation of farming to manufacture and transportation," "A merchant marine," and "interoceanic canal, taxation, irrigation and good roads."

Kissing Bug's Bite Fatal.

Jacksonville, Fla., Aug. 10.—Mrs. M. Burk, wife of a prominent jeweler, died from the effect of a "kissing bug" sting, while sitting on the porch she felt the insect's bite on her lip, but thought little of it. The lip began paining her, and while out riding she fainted. Doctors were called in but they could do nothing, and she died, after suffering intense agony all the week. Her husband is in Detroit on business, and he was telegraphed for. Physicians say the bug's bite caused blood poisoning.

Went to Sleep on the Track.

Houston, Aug. 10.—James Barron, aged 54, a white laborer, was mortally injured near Pasadena by a train on the Galveston, Houston and Northern railway. It seems that the man had gone to sleep on the track and was struck by a train.

Killed by a Streetcar.

Dallas, Aug. 10.—A negro named Rufus Plummer was struck by an electric car here on east Main street and killed. The accident occurred near the corner of Main and Duncan streets. It was said that the negro was crossing the tracks diagonally and became confused at the approach of the car and a wagon. The motorman rang his bell and made every exertion to stop car when he saw that an accident was imminent. He was not successful in stopping the car before it struck the negro. The body was removed to an undertaking establishment at once. Plummer was about 26 years old.

The McPherson Arrives.

New York, Aug. 10.—The United States transport McPherson from Santiago Aug. 2, with nine officers and 415 men of the Fifth infantry on board, arrived here.

Little Brazos Swollen.

Hearne, Tex., Aug. 10.—The Little Brazos river has been swollen a great deal by the rains which have fallen in the past week.

Payment to Wichita Indians.

Chickasha, I. T. Aug. 10.—Payment of \$100,000 will be made to the Wichita Indians at Anadarko.

THE BIG REUNION.

Bryan Was Well Represented by Citizens and the Band.

The annual reunion of Camp John G. Walker, held near Madisonville, is over and the Bryanites have returned well pleased with their trip, and the courteous treatment they received. The reunion was a success in spite of the unfavorable conditions produced by too much rain, which made the attendance smaller than it would otherwise have been. Bryan was well represented by those who went over to mingle with old friends and make new ones and to invite all to continue making Bryan their trading point. The band boys, with their handsome uniforms and splendid music, were the recipients of many compliments and remained a day longer than the others who went.

Among the features of the occasion was an eloquent address by Judge Norman G. Kittrell of Houston which brought tears to the eyes of many of the old veterans. There was an abundance of barbecued meats and other good things to eat. Business men of Huntsville had a fireworks display Wednesday night at the grounds. Dr. J. L. Fountain, democratic nominee for the legislature, was there looking after his political interests.

Among the others present from Bryan were J. Allen Myers, who gave away a sewing machine to the most popular lady present; W. R. Johnston for Sanders Bros & Co., Harry Dillshaw for Mistrot, Eros & Co.; Dr. N. M. McDougald and L. B. Mendola for Zuber & McDougald; R. M. Nail for Bryan Brick Warehouse; A. W. Buchanan for Buchanan, Bros.; J. P. Priddy for G. S. Parker; Tom Preston for the Bryan Oil Mill and Ginning Company; Luther Taylor for Taylor & Cox; Ed Wren for Levy Bros.; W. T. James for James & Castles; W. F. Gibbs for Burt Norwood; M. H. James; Sam B. Wilson for Wilson Jenkins Drug Co.; Dr. H. L. Fountain, W. A. Reed, Hugo Jahn.

Those who attended the reunion report that numbers of the Madison county people said they were coming over to the big railroad celebration here. They also report that the work of repairing the road and bridges at the Democrat crossing on the Navasota river is getting along well and will be completed in a few days.

YANG TSUNG TAKEN.

It is a Strategic Point and Will Be Used as a Supply Base.

Washington, Aug. 10.—The capture of Yang Tsun, the first objective point of the international forces, was the supreme news of importance received here on the Chinese situation. The first word of this capture, effected last Monday, came in a brief dispatch to the signal office at the war department from Col. Scriven, the signal officer at Che Foo.

Half an hour after this message was received a cablegram came from Gen. Chaffee giving additional details of the capture and showing that it had been at the cost of about 60 casualties among the American troops. Gen. Chaffee's dispatch is as follows:

"Yang Tsun, Aug. 6.—Yang Tsun occupied today. Wounded: Second Lieutenant Frank R. Long, Ninth infantry, moderate; casualties, about 60 men Ninth U. S. infantry, Fourteenth U. S. infantry and battery F, Fifth U. S. artillery. Nearly all from Fourteenth infantry. Names later. Many men prostrated by heat and fatigue."

Hardly less important was a dispatch from General Terauchi, second in command on the Japanese staff, sent to the war office of Japan, and transmitted to the legation stating that the international army would total 50,000 men on Aug. 15, at which time the real advance on Pekin would begin. General Terauchi's dispatch stated that on Aug. 4, when it was forwarded the advance had not yet begun. This was at first incomprehensible in view of the fact that fighting had actually occurred. But the latter statement that the international army would total 50,000 men on Aug. 15, appears to make clear General Terauchi's meaning and to reconcile it with General Chaffee's dispatch.

The present movement, of some 16,000 men, doubtless is viewed in the light of a reconnaissance in force, the main movement of the army of 50,000 to follow on Aug. 15. This makes clear the meaning of General Chaffee's dispatch that Yang Tsun was the objective point. The war department here has been considerably puzzled over this statement of an objective point, far short of Pekin. It would appear, however, from Gen. Terauchi's dispatch, that the first force of 16,000 men, having opened up communication to Yang Tsun, brought forward supplies and established this advance base, the way would then be clear for the advance of the larger force on Aug. 15. The capture of Yang Tsun is, therefore, an important strategic branch of the fast maturing military plans. The place is about 18 miles beyond Tien Tsin and little less than a quarter of the way to Pekin.

Colonel Scriven's statement, "wire up" contains much meaning, as it is accepted as showing that there is direct telegraphic communication with the army in the field. Aside from the assurance this gives of speedy transmission of news from the front, it gives additional assurances that the line of communication is intact back to the first base of operations. The capture of Yang Tsun on the day following the battle of Pei Tsang is regarded as a highly successful military achievement, especially in view of the fact that it was looked upon as a stronghold whose capture might give the foreigners considerable trouble.

Aside from the military developments of the day the diplomatic aspect of the crisis was made more clear by the publication of the demand made by the United States on the imperial government of China and transmitted to Minister Wu last evening.

In Chicago.

Chicago, Aug. 10.—Hot weather records for this city were broken today and will be broken again on Saturday and probably for several more days after that. The local forecaster will not hazard a guess after the next three days all he says will be of the same torrid nature as the last six days and he has fears of the weather after the next three days have gone. Four deaths and 29 prostrations was the result of the hot weather yesterday.

Hottest of the Year.

Peoria, Ill., Aug. 10.—Today was the hottest day of the year. A little girl was found in a vacant lot insensible from the heat.

Hot in Philadelphia.

Philadelphia, Aug. 10.—Three deaths and 20 prostrations occurred in this city.

Collision at South McAlester.

South McAlester, I. T., Aug. 10.—A Choctaw, Oklahoma and Gulf passenger train was run into by a freight train while standing on the crossing here. One coach and the engine was damaged, but no one hurt.

Child Fell Into a Well.

South McAlester, I. T., Aug. 10.—A 9-year-old son of J. P. Dufon of El Dorado fell into a well 60 feet deep and was instantly killed by striking on a projecting rock near the bottom.

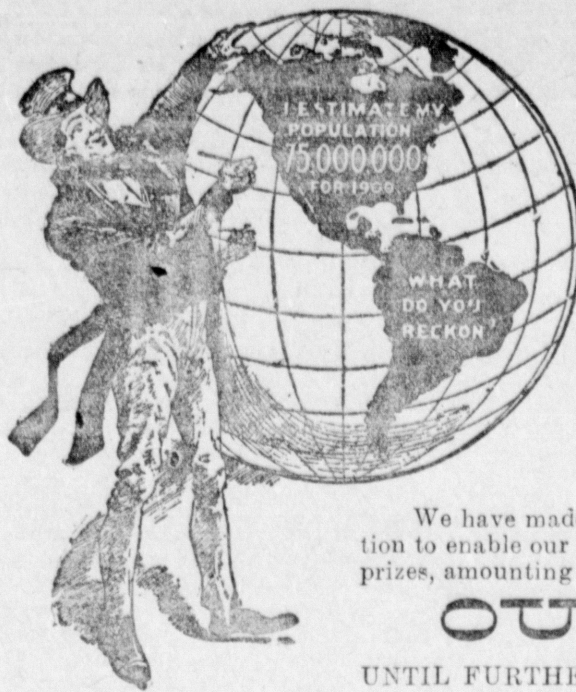

The Plot Failed.

London, Aug. 10.—A special dispatch from Pretoria says the Boer plot to make Gen. Roberts a prisoner and shoot all the British officers possible was discovered Thursday, including the recapture of Pretoria and the shooting of Gen. Roberts and to induce burghers to rise en masse. A number of suspected accomplices of the conspirators have been conducted across the border. The British authorities are awakening to the danger of allowing Boer sympathizers remain in Pretoria and issue of passes to burghers have been stopped.

Residence Burned.

Gainesville, Tex., Aug. 9.—The country home of L. D. Lindsay, teller of the Gainesville National bank, two miles west of the city, was destroyed by fire.

\$25,000 to be given away
